Project Significance and urgency

Briefly describe the importance of the cultural site, cultural object, collection, or form of traditional expression. Be sure to highlight its historic, architectural, artistic, or cultural (non-religious) values.

Special Note Regarding Sites and Objects That Have a Religious Connection: The establishment clause of the U.S. Constitution permits the government to include religious objects and sites within an aid program under certain conditions. For example, an item with a religious connection (including a place of worship) may be the subject of a cultural preservation grant if the item derives its primary significance and is nominated solely on the basis of architectural, artistic, historical or other cultural (not religious) criteria.

Describe the urgency of the proposed project. Indicate the severity of the situation and explain why the project must take place now.

Statement of Sustainability

Outline the steps or measures that will be taken to maintain the site, object, or collection in good condition after the AFCP-supported project is complete; or, in the case of forms of traditional cultural expression, to preserve and disseminate the documentation, knowledge, or skills either resulting or gained from the project.

Media Plan:

Describe how you intend to highlight this project through existing print, electronic, and social media platforms.
