LIST OF ATTORNEYS
(Updated June 2021)

How to use this list: For your convenience, lawyers have been listed under three general headings: “family law”, “criminal defense”, and “general civil and commercial practice.” While lawyers in Jordan as a general rule do not specialize in particular areas of law, many attorneys in general practice are not equipped to handle family law or criminal defense matters. Thus, our list specifically notes lawyers who work in these areas. Keep in mind that lawyers listed as family or criminal law “specialists” are usually prepared to handle civil and commercial matters as well. Further, many of the lawyers listed under the heading “general civil and commercial practice” are willing to help with family or criminal matters, often by hiring a specialist on the client’s behalf, and acting as a go-between. In some cases, this may be helpful, as many lawyers handling family and criminal matters do not speak English. Finally, the lawyers on this list vary considerably in the how much they charge clients for their services. Most will quote a flat rate to handle the entire case from start to finish, though some charge by the hour.

The Embassy of the United States of America assumes no responsibility or liability for the professional ability or reputation of, or the quality of services provided by, the following persons or firms.

Inclusion on this list is in no way an endorsement by the Department of State or the Embassy of the United States of America. Names are listed alphabetically, and the order in which they appear has no other significance. The information in the list on professional credentials, areas of expertise and language ability are provided directly by the lawyers. You may receive additional information about the individuals by contacting the local bar association, telephone number (962)(6)566-5818, website: http://www.jba.org.jo.
